

AM550641MTL

2m Reinforced Stainless Steel Shower Hose

Metlex

PROFESSIONAL BATHROOM AND
WASHROOM ACCESSORIES

EASY TO INSTALL

1. Discard the old shower hose and washers by unscrewing the shower hose from the shower head and shower outlet.
2. Clean the threads on the shower head and shower outlet.
3. Position the washers supplied in the connectors on your new shower hose and attach it to your shower head and shower outlet. Do not over-tighten, finger tight only.
4. To retain the best quality finish, clean product regularly with a soft damp cloth. Do not use abrasive or chemical cleaners, as these may damage the product.

GENERAL SAFETY ADVICE

For safety and convenience do not use with water above 65°C or with excessively high water pressure (max 50psi/3.5 bar).

To avoid the risk of scalding you should always check the water temperature before entering the shower.

Always take care when using hot water, especially with children and NEVER leave a child unattended in the bathroom.
